## Work Experience

**Product Designer, Encora, India**

Jul'23 - Jan'24

Collaborated with a multidisciplinary team to enhance the efficiency of digital products, focusing on user-centred design solutions. Worked in a fast-paced environment and managed multiple projects simultaneously.

**Aventurine Website, USA:** Led product discovery and provided support in development for a web3 promotional website for studio aventurine book launch. Managed the creation of a responsive website on WordPress, aligning with the business vision and enhancing visitor retention by 25%.

*Deliverables: Responsive Website*

**Zosi Alchemy, USA:** Enhanced the online training platform for food safety professionals by conducting comprehensive user testing to improve accessibility and usability. Developed task flows and wireframes for new features using agile methodology, achieving a 26% increase in user engagement within a quarter.

*Deliverables: Dashboard, UT Report*

**Intern UX/UI Designer, ElasticRun, India**

May'22 - Dec'22

Defined and refined UX for B2B mobile and SAAS products, planned and performed extensive user research and usability testing. Assisted in developing and maintaining design system and component library with a team to ensure consistency across multiple digital products.

**Beacon Dashboard:** Designed a B2B SAAS application enhancing data exchange and management efficiency between company and brand representatives.

*Deliverables: Dashboard, Content Management System*

**KiRun:** Created wireframes, UX audit and strategy for the KiRun mobile app, tailored for rural order collectors. Enhanced app accessibility and user motivation.

*Deliverables: Mobile App*

**ElasticRun:** Executed a UX audit and strategy development for an e-commerce app focused on rural accessibility, created guidelines and UX strategy.

*Deliverables: UX Audit Report*

**Junior UX/UI Designer, DCrafts, India**

Apr'21 - Aug'21

Assisted senior designers in developing task flows, personas, wireframes, and prototypes, contributing to increased user engagement through ui design.

**Creative Designer, ArtLab Studio, India**

Sep'19 - Mar'21

Key contributor to website design, marketing collateral, and branding projects, using illustration skills to enhance user engagement by 20%. Deliverables included responsive website, logo and brand guidelines, social media collateral.

**Senior Interior Designer, SNDLLP, India**

Dec'17 - Aug'19

Managed multiple teams and led high-end residential and commercial interior design projects from concept to completion, improving client satisfaction and project Execution.

**Interior Designer, V3 Design Consultants, India**

Apr'14 - Mar'17

Designed and executed multiple interior design projects.

## Leadership & Communication

IIIT Jabalpur, India

Aug'21 - Jun'23

**Student Placement co-ordinator**

Supported university recruitment, collaborated with MNCs, startups, and mid-scale companies

**Teaching Assistant**

Conducted workshops on UX research, provided project guidance, supported faculty and doctoral students.
